I would like to introduce myself to the membership. I am from rural Milbank, SD. My wonderful wife, Sharon and I have been married for over fifty years. We have one son, Jason and wife Tiffani and two granddaughters who bring so much joy to our family.

I am a retired building contractor specializing in custom homes. Now we own and operate D&S Firearms. It started out as a hobby and grew to collecting and selling guns. We travel the DTGCA circuit of shows in South Dakota and North Dakota. Hobbies are gun collecting (Ruger Single Action Revolvers), deer hunting with my son & granddaughters,

wild hog hunting in Oklahoma with some neighbors and friends. I just got back from hog hunting and had a wonderful time.

Sharon and I are both Life time members. DTGCA has had me for a board member for many years.

Thank you all and have the best collecting in the future.

President Daethal Dockter

Statement Show Cancellation (s)

The DTGCA supports the efforts of the communities the gun show events are held in to be proactive on the slowing of the spread of the COVID-19 so we're taking some measures to hopefully do that. Top priority of the Association is the safety of its membership, vendors and guests to the shows. Although tough decisions, shows have been cancelled in the wake of the COVID-19 pandemic. Your utmost consideration of this decision is greatly appreciated; collectively, we can make a difference. Check our WEB site for further announcements if need be.

1st IN THE MAKING

I would like to introduce Laura Ennen to all the membership of the DTG-CA.

Who is this person?

Laura is the 1st woman director on the Board of the DTGCA and she is the 1st woman show manager in the DTGCA's history. Laura was recognized by the voting membership as a person and leader they respected and wanted on their Board of Directors. She has now served 8 years as a Director of North Dakota.

With the passing of Show Manager Roger Krumm, Laura was nominated as the new show manager for the two Bismarck Shows held in September and January of each year. She did not come into show management inexperienced, not in the least. Laura has been involved with gun shows for over 25+ years, was Roger's assistant for 8 years and accepted the position as show manager with confidence. As of February 2020 she was awarded show manager of the Aberdeen, SD show as well.

Laura Ennen lives with her husband and family in Bismarck, ND. Her full time day job is Cook Manager for the Bismarck School Districts. When she is not working she enjoys camping with her family, attending and demonstrating at the Steam Threshers Reunion held at Rollag, MN each year and anything outdoors.

The Bismarck Fall and Winter Shows were profitable shows under the management of Roger Krumm with the Fall Show slower than the Winter Show. Now under Laura Ennen's management; the shows have climbed the ladder to be the association's 2nd most profitable shows coming in behind the Sioux Falls Trophy Show. Although gate attendance and table vendors are less than other shows, Laura has controlled the expenses paid out at a minimum, labor and advertising monitored closely making her bottom line extremely profitable. Going forward, Laura will grow her shows to match the attendance and tables of the other shows along with keeping her expenses in line.

BLACK POWDER DISPLAY

owner Tom Hannig
Valley City, ND

From the Internet

Black powder and its substitutes leave a **corrosive residue** inside the barrel. The **build up of residue, called fouling**, destroys accuracy and weakens the gun. Always clean the **muzzleloader** at the end of a day of firing to prevent rapid rusting and pitting.

MILITARY COLLECTOR

Dennis has displayed at many of the DTGCA Gun Shows, noted here at the Bismarck, ND show 2019. Always a staple, always interesting to see the items of display.

Biak Island, 22 January 1944. The unnamed crew of this .50 cal. M2 heavy machine gun is credited with killing 54 Japanese soldiers in heavy fighting for control of this Pacific atoll. Note the WW2 pattern side-opening steel ammo boxes, each containing 105 rounds of metallic linked cartridges. This particular lot is loaded with a ratio of 2 armor piercing, 2 incendiary, and 1 tracer -- an unusual mix for antipersonnel work! Credit: US Army Signal Corps/National Archives. Send \$1 for illustrated list.*

South Pacific, Mann's Island, Mar. 26 1944. Barely visible in this photo is the name "FIREBALL" painted crudely on the water jacket of this well used Browning M1917A1 .30 caliber heavy machinegun. According to the Signal Corps caption, these two GI's and "FIREBALL" held off successive waves of Jap suicide attacks, stacking up bodies like cordwood. Credit: US Army/National Archives. Negative ID: FIREBALL. Copyright © 1991 Robert Bruce.

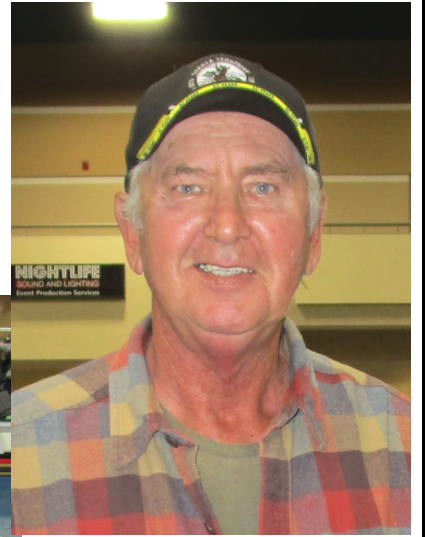

Editor's Note: Prints of this and many other historical auto weapon action photos are available by special arrangement with ROBERT BRUCE PHOTOGRAPHY, P.O. Box 482M, Sandston, VA 23150. Send \$1 for details. Robert also is seeking foreign-language manuals, sales brochures, etc. for auto weapons from 1900 to the present.
